An all-in-one organizer that serves as a comprehensive memory & task manager. It allows you to create memos, appointments, contact lists, shopping lists, to-do lists, and much more. What's more, you can store notes of any length and even print them out with the integrated PDF creator. Specifications: Category: Personal Productivity LuJoSoft NoteOrganizer version: 2.6.3 Developer: LuJoSoft Soft Creation date: 2011/12/23 Supported OS: XP/Vista/Win7 (Win2000/2003/2008/2012) File Size: 1.4 MBytes System requirements: CPU: Pentium® 2 GHz, Intel® Pentium® 4 or later RAM: 512 MB to 512 MB Hard disk: 32 MB Screen Resolution: 800 x 600 pixels or 1024 x 768 pixels Internet connection: Yes Printing: No License: Free (LuJoSoft Note Organizer is a shareware product) LuJoSoft NoteOrganizer User Interface: Main Page: [img] On the main page, you will find three tabs. [img] First, you can create new notes. The New note button opens the note creation dialog. Here, you can add keywords and decide

whether you wish the note to be visible to all, just the user who created it, or just the system. You can even assign this note to any application, and have the note show up in the application's taskbar or tray icon. [img] Second, the main workspace contains tabs for all the other features. [img] In the left window, you find a list of all notes, with checkboxes next to the notes. If a note is checked, it is displayed in the right window. In the middle window, you can create notes, add note reminders, manage note comments, etc. Finally, you find the status bar, which shows information

LuJoSoft NoteOrganizer Crack + Serial Number Full Torrent
